**3. Foreword By the CECM Finance and Economic Planning**

In accordance with Article 209 of the Constitution of Kenya, 2010, county governments are authorized to raise revenue through taxes, fees, and charges. Section 104(d) of the Public Finance Management Act (PFMA), 2012 assigns the County Treasury responsibility for resource mobilization. Further, Sections 157 and 165 of the PFMA provide for the appointment of a County Receiver of Revenue and the preparation of Receiver of Revenue financial statements in conformity with Public Sector Accounting Standards Board (PSASB) guidelines.

The County's revenue consists of equitable share transfers, conditional grants and loans, and Own Source Revenue (OSR). For the financial year 2025/2026, OSR was estimated at Kshs. 1,667,556,464, representing 13% of the total approved revenue budget of Kshs. 13,106,070,306. During the period under review, OSR collections amounted to Kshs. 472,692,832, equivalent to 28% of the annual target.

The lower-than-anticipated OSR performance is attributed to adverse economic conditions impacting trade licenses, market fees, and property-related revenue streams. Management has instituted corrective measures aimed at improving revenue performance, including automation of revenue collection, expansion of the revenue base through legal and policy interventions, and enhanced taxpayer sensitization initiatives.

Revenue collected was deposited into the County Revenue Fund (CRF) in compliance with the PFMA.

**CPA Damaris Mumo Kavoi**

**County Government of Makeni**

**Receiver Of Revenue**

**County Government Of Makueni**

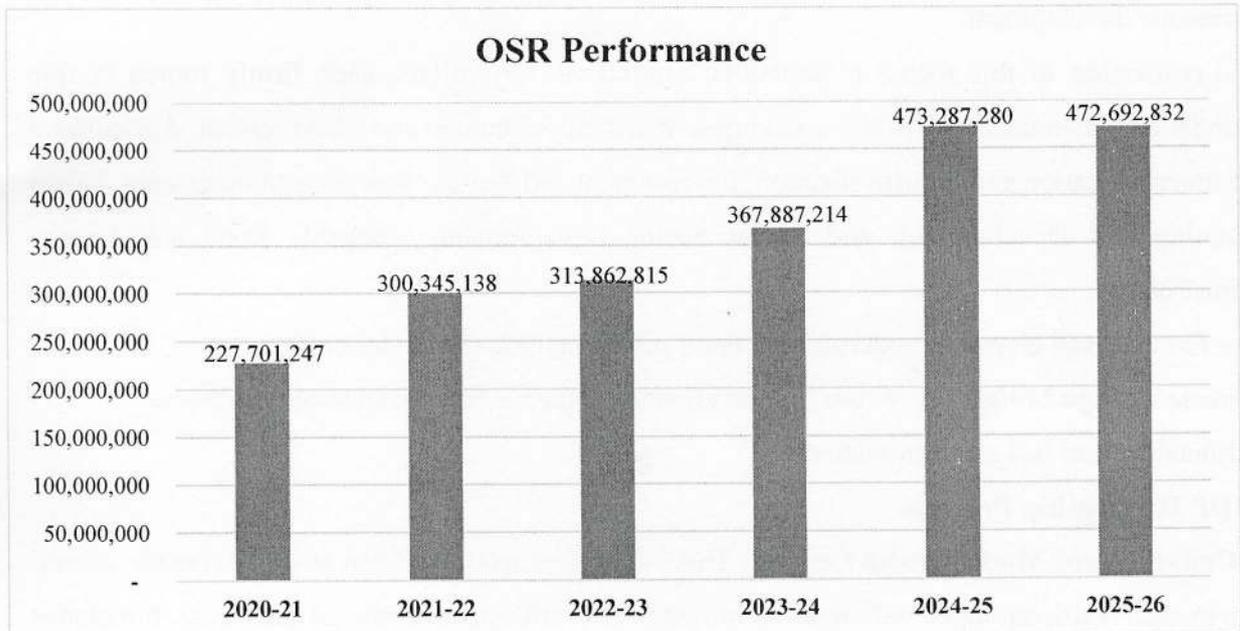

**Quarterly Reports and Financial Statements For the period ended December 31, 2025**

**4. Management Discussion and Analysis**

**Section A**

***The entity's operational and financial performance***

The County has consistently recorded steady growth in Own Source Revenue (OSR) since FY 2013/2014, with collections increasing from Kshs. 189,188,000 in FY 2013/2014 to Kshs. 1,290,552,746 in FY 2024/2025. During the quarter ended 31<sup>st</sup> December 2025, the County realized Kshs. 472,692,832 in Own Source Revenue for FY 2025/2026. The OSR performance trend for the second quarter over the last six financial years is illustrated in the graph below.

The key strategies include optimizing land-based revenue, adopting a coordinated approach to business licensing, implementing unified billing, broadening revenue streams, automating revenue processes, reducing leakages through increased supervision and staff rotation.

**Section B**

**Entity's compliance with statutory requirements**

The county is continuously implementing the provisions of the relevant statutory bodies such as The Constitution of Kenya, 2010, Public Finance Management Act, 2012, County Government Act, Makueni County Finance Act, 2023

**Section C**

**Key projects and investment decisions the entity is planning/implementing.**

The third generation Makueni County Integrated Development Plan (CIDP) 2023-2027 under the theme ‘**A resilient economy for sustainable development.**’ sets out development priorities for five years. These priorities intend to empower the Makueni county citizenry to increase productivity and thereby enhance their economic well-being through saving and investment for wealth creation. The key driver in the realization of the priorities set out in the CIDP is depended on the ability of the county to mobilize adequate resources and seek strategic partnerships to accelerate development.

The realization of this theme is structured around six key pillars, each firmly rooted in five foundational elements. The pillars encompass Water Development and Management, Agricultural Commercialization and Industrialization, Environment and Natural Resource Management, Urban Planning and Development, and Social Sector Development, alongside Road and Energy Infrastructure.

The foundational elements underpinning these pillars include Good Governance, Climate Change Mitigation, Youth Empowerment, Resource Mobilization and Strategic Partnership, and ICT and Innovation

**CIDP III Flagship Projects**

- 1. County Ward Model Health Centres:** This initiative aims to establish 30 model health centres, one in each ward, equipped with modern infrastructure offering essential 24-hour care. It includes the provision of necessary supportive infrastructure such as roads, electricity, and water, along with ensuring adequate staffing and financing for the health facilities.
- 2. Automation of Government Services:** This program targets the automation of 80% of government services and processes through a unified approach across all sectors. Key activities involve linking stand-alone systems into one, automating services and processes, integrating technology in service delivery, and fostering innovation and research.
- 3. Urban Development:** This program strategically positions urban areas as development and growth nodes, recognizing the need for infrastructural development due to increasing urbanization. Wote will serve as a model town, focusing on water provision, creating safe spaces and recreational centres, developing road and electricity infrastructure, and enhancing social services such as day care centres and homes for the elderly.

*Receiver Of Revenue*

*County Government Of Makueni*

*Quarterly Reports and Financial Statements For the period ended December 31, 2025*

---

**4. Water Development:** This initiative includes the construction of six mega dams in the county, with four by the National Government and two by the County Government. The goal is to provide water to major urban areas and support irrigation for rural agricultural communities. Additionally, it involves establishing a Water Fund and emphasizing water governance and environmental conservation.

**5. Public Service Re-engineering:** This program involves transforming the public service to align with county goals. Key focuses include decentralizing services, establishing service centres, rationalizing staff, implementing a performance management system, and automating human resource processes.

**6. Industrialization Development:** This initiative aims to provide infrastructure and incentives for industrial development. It involves establishing the Makueni Industrial Park, developing essential infrastructure (roads, water, electricity), setting up incubation centres, and focusing on marketing and branding.

**7. Agricultural Value Chains Development:** This program aims to optimize production and productivity for global food security. It involves developing and commercializing key value chains, including fruit, grain, poultry, dairy, and industrial crops, through the revitalization of agricultural extension services.

**8. Social Protection and Pro-Poor Investment:** This program seeks to invest in pro-poor initiatives to reduce vulnerabilities and enhance participation in economic activities. Key areas of focus include cash transfer programs, rural development initiatives, and local economic development.

**9. Own Source Revenue (OSR):** The goal is to mobilize Own Source Revenue to ensure at least 20% of the county budget is funded by OSR by 2027, up from the current 10%. Key strategies include optimizing land-based revenue, adopting a coordinated approach to business licensing, implementing unified billing, broadening revenue streams, automating revenue processes, and reducing leakages.

**10. Green Energy Development and Promotion:** This program intends to collaborate with Private development partners to establish three solar plants and an energy centre, aiming to increase the county's power resources through the promotion of green energy.

***Receiver Of Revenue***

***County Government Of Makueni***

***Quarterly Reports and Financial Statements For the period ended December 31, 2025***

---

The plan will be implemented through five Annual Development Plans (ADPs). It is estimated to cost a total of Ksh 92.3 Billion, which will be raised from the National Government equitable share and grants, Own Source Revenue (OSR) and support from Development Partners (DPs)

**Section D**

**Major risks facing the entity**

The major risks facing the entity are;

**Operational Risk**

Advancement in Technology and Systems-Technological advancement may render the current systems in use obsolete.

**Strategic Risk**

Shortfall in revenue collection- Not meeting revenue targets may result to financial constraints and under development in the county

**Compliance Risk**

Weak laws to enforce revenue collection may result to significant revenue shortfall

**Financial Risk**

Inadequate funding might result to inability to fulfil financial obligations.

**Section E**

**Material arrears in statutory/financial obligations**

There are no material arrears in statutory/financial obligation for the Receiver of Revenue.

**Section F**

**The entity's financial probity and serious governance issues**

The county government has engaged in fair practises across all the county departments. The fair practises involve implementation of strategies such as Automating government services, Instituting Full Cashless mode of payment, encouraging voluntary compliance, conducting public participation, creating awareness to the public on all government activities and projects, Publishing financial record and accounting for all resources.

**Receiver Of Revenue  
County Government Of Makueni  
Quarterly Reports and Financial Statements For the period ended December 31, 2025**

**5. Statement of Receiver of Revenue's responsibilities**

Section 158 (3) of the Public Finance Management Act, 2012 requires that, at the end of each Quarter, a receiver of revenue for a county government shall prepare an account in respect of the revenue collected, received and recovered by the receiver during that financial period.

The Receiver of Revenue is responsible for the preparation and presentation of the *receiver of revenue account*, which gives a true and fair view of the state of affairs of the *receiver of revenue* for and as at the end of the Quarter ended on December 31, 2025. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period, (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the statement of assets and liabilities of the entity, (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud, (iv) safeguarding the assets of the entity, (v) selecting and applying appropriate accounting policies, and (vi) making accounting estimates that are reasonable in the circumstances.

The Receiver of Revenue in charge accepts responsibility for the County Government of Makueni receiver of revenue accounts, which have been prepared on the Transitional Accrual method of financial reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards (IPSAS) and relevant legal framework of the Government of Kenya. The Receiver of Revenue is of the opinion that the County Government of Makueni receiver of revenue account gives a true and fair view of the state of the County Government of Makueni receiver of revenue transactions during the financial period ended December 31, 2025 and of the entity's statement of assets and liabilities as at that date. The Receiver of Revenue further confirms the completeness of the accounting records maintained, which have been relied upon in the preparation of the Receiver of Revenue account as well as the adequacy of the systems of internal financial control.

The Receiver of Revenue confirms that the *County government of Makueni* has complied fully with applicable Government Regulations and the terms of external financing covenants (where applicable). The Receiver of Revenue confirms that the revenue statements have been prepared in a form that complies with relevant accounting standards as prescribed by the Public Sector Accounting Standards Board of Kenya.

**Approval of the Revenue Statements**

The *revenue* statements were approved and signed by the Receiver of Revenue on 12/01/2026

Quarterly Reports and Financial Statements For the period ended December 31, 2025*

Closing Cash and Cash Equivalent as per the statement of Cash flows	<b>2,303,545</b>
---	------------------

- (a) **Land Rates:** Land rates underperformed primarily due to the rural nature of Makueni County, where a majority of the land parcels remain undeveloped. Property owners, many of whom derive their livelihoods from subsistence agriculture, often struggle to meet payment obligations. Additionally, the prolonged economic downturn further exacerbated non-compliance.
- (b) **Single business permits:** This stream was adversely affected by reduced economic activity, largely driven by a depressed macroeconomic environment. Many small businesses either scaled down operations or shut down completely, leading to fewer permits being issued or renewed.
- (c) **Parking fees:** The shortfall is attributed to the broader economic slowdown which led to decreased mobility and vehicle use within key urban centres.
- (d) **Market Entrance Fee:** Market revenues declined due to two main factors: the overall depressed economy and low agricultural output. Poor rainfall patterns significantly reduced farm produce volumes, resulting in lower market activity and, consequently, reduced entrance fee collections.
- (e) **Advertising.** This stream declined due to the timely and full payment by a key client, Safaricom PLC, for its advertising activities within the County.
- (f) **Hospital Fees:** Hospital revenue over performed as a result of increased enrolment in the Social Health Authority (SHA)/Social Health Insurance Fund (SHIF) programs. The on boarding of more health facilities, coupled with stricter financial controls and enhanced collections under the Facility Improvement Fund (FIF), contributed to the impressive performance.
- (g) **Physical Planning and Development:** This stream underperformed due to a noticeable decline in construction and development activities. The economic slump led to reduced investments in real estate and infrastructure.
- (h) **Hire of Country Assets:** This stream underperformed due to low demand for the hire of county-owned assets throughout the year.

**Receiver Of Revenue  
County Government Of Makueni  
Quarterly Reports and Financial Statements For the period ended December 31, 2025**

- (i) **Conservancy:** The underperformance was mainly attributed to reduced economic activities as a result of the depressed economy.
- (j) **Administration Control Fees and Charges:** This stream was adversely affected by reduced economic activity, largely driven by a depressed economy.
- (k) **Other Fines, Penalties, and Forfeiture Fees:** The underperformance in this stream was not due to weak enforcement but rather a positive increase in compliance levels. Improved adherence to regulations resulted in fewer violations, and therefore, fewer fines being issued.
- (l) **Miscellaneous Receipts:** This stream underperformed mainly due to a combination of poor rainfall, which affected agricultural output, and a sluggish economy.

The County Receiver of revenue's financial statements were approved on 12/01 2025 and signed by:

  
.....  
Name: **Mark Wambua Muthoka**  
County Receiver of Revenue

  
.....  
Name: **Benson Mwendwa Kiniva**  
Head of Revenue Reporting  
ICPAK M/No: 16512

## **10. Notes to the Financial Statements**

### **1. General Information**

County government of Makueni Receiver of Revenue was appointed by the CEC member of Finance of Makueni County Government in accordance with section 157 of the PFM Act. The Receiver of Revenue principal activity is collect and remit revenue to the CRF as outlined in the appointment letter and section 157 of the PFM Act.

### **2. Statement of Compliance and Basis of Preparation**

#### **Statement of compliance**

The financial statements have been prepared in accordance with the Public Finance Management Act, 2012 and the entity has taken advantage of the transitional provisions under IPSAS 33.

#### **Basis of Preparation**

These financial statements have been prepared on a going concern basis, and the accounting policies have been applied consistently throughout the period. These financial statements have been prepared on an accrual basis unless otherwise specified (for example, the Statement of Cash Flows). Under an accrual basis, revenues are recognised when rights to assets are earned or levied rather than when cash is received, and expenses are recognised when obligations are incurred rather than when they are settled. The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the Entity. The accounting policies adopted have been consistently applied to all the years presented.

#### **Reporting period**

The reporting period for these financial statements is for the period ended December 31<sup>st</sup>, 2025.

**Notes to the financial statements**

**3. Significant Accounting Policies**

The principal accounting policies adopted in the preparation of these revenue statements are set out below:

**i) Revenue from non-exchange transactions**

**Fees, taxes, fines and charges**

The *Receiver of Revenue* recognizes revenues from fees, taxes, fines and charges when the event occurs and the asset recognition criteria is met. Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the Entity and the fair value of the asset can be measured reliably.

**ii) Revenue from exchange transactions**

**Rendering of services**

The *Receiver of Revenue* recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours. Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

**Sale of goods**

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably, and it is probable that the economic benefits or service potential associated with the transaction will flow to the Entity.

**Interest income**

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

## **Notes to the financial statements**

### **Dividends**

Dividends or similar distributions must be recognized when the shareholder's or the Entity's right to receive payments is established.

### **Rental income**

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

### **iii) Budget**

The County Revenue budget is developed on cash basis. The budget has the same accounts classification basis, and for the same period as the financial statements. The County budget was approved as required by law. The original budget was approved by the County Assembly on 24<sup>th</sup> June 2025 for the period 1<sup>st</sup> July 2025 to 30<sup>th</sup> June 2026. There was one supplementary budgets passed in the period. A high-level assessment of the County's actual performance against the comparable budget for the financial period under review has been included in these financial statements.

The County Government of Makueni budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts. In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget. A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of cash flows has been presented under section 8 of these financial statements.

### **iv) Cash and cash equivalents.**

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include revenue collection accounts held at Commercial banks.

**Notes to the financial statements**

**v) Revenue in Arrears**

Revenue in arrears relate to revenue earned and is yet to be received or collected by the receiver of revenue. These arrears are presented as receivables from exchange and non- exchange transactions in the statement of financial position. These receivables are assessed for impairment on a continuous basis. The details of these arrears are presented as an appendix to the financial statements under the statement of arrears as required under the PFM Act, 2012 Section 165 (2) (b).

**vi) Disbursements to CRF**

The Receiver of Revenue has an arrangement for transfer of funds from its bank account to the CRF account. Total disbursements to the CRF are as a result of the transfer arrangement during the period.

**vii) Payables due to CRF**

These relate to amounts yet to be disbursed to the County Revenue Fund at the end of the period. The amount also includes monies that are yet to be collected by the receiver of revenue at the end of the reporting period.

**viii) Payables due to other County Fund(s)**

These represent amounts that have not yet been disbursed to another County Fund by the end of the period. The balance also includes funds that the receiver of revenue has not yet collected as of the reporting date.

**ix) Comparatives**

In preparing these financial statements the entity has elected to apply paragraph 79 of IPSAS 33, which allows for the election by an entity to present one statement of financial performance, one statement of cash flow, one statement of net assets and the statement of financial position and an opening statement of financial position as at the time of first time adoption of the accrual basis of accounting.

**x) Subsequent Events**

There have been no events subsequent to the financial year end with a significant impact on the revenue statements for the year ended June 30, 2025.

**Notes to the financial statements**

**4. Significant Judgments and Sources of Estimation Uncertainty**

The preparation of the County Government of Makueni financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

**Estimates and assumptions.**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period, are described below. The Entity based its assumptions and estimates on parameters available when the financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Entity. Such changes are reflected in the assumptions when they occur.

**Provisions**

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included in Note xxx. Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date and are discounted to present value where the effect is material.
