

REPUBLIC OF KENYA

GOVERNMENT OF MAKUENI COUNTY

**DEPARTMENT OF DEVOLUTION, PUBLIC PARTICIPATION, COUNTY
ADMINISTRATION AND SPECIAL PROGRAMMES**

**COMMUNITY FEEDBACK
ON THE
FY2025/26 COUNTY FISCAL STRATEGY PAPER**

March, 2025

INTRODUCTION

This document enables communities to access the summary of their views during the public participation for the County Fiscal Strategy Paper as a policy guide for the subsequent Budget Public Participation.

Community Feedback Mechanism is a two-way process where citizens give their inputs/views on County governance and service delivery processes, and the County Government provides feedback to citizens on their inputs/views in public participation processes and any other governance issues raised by the citizens. Feedback is important in public participation as it contributes to trust and confidence building between the County Government and her citizens. The community feedback should be timely and in a clear format and means that citizens can access.

Below is the feedback of each Ward per sub county:
